

Secure Your ID Day

You are your best defense against identity theft.

The first rule in Identity Protection: If you don't need it, dispose it... responsibly. Better Business Bureau is here to help.

Saturday, September 20, BBB will host a national identity theft and fraud protection event in local communities across North America. Bring up to three boxes/bags of paper documents that contain personal identifiers, and we'll shred it for you - on the spot. We'll also be distributing great tips and resources to help you protect your identity - online and off.

To find the event nearest you, visit www.arizonabbb.org.
